

## ANA News – June 2021

### ANA welcomes its new partners - 10x Genomics & Scientifica!

[10x Genomics](#), a leading provider of single cell and spatial solutions, is honored to partner with the Austrian Neuroscience Association (ANA). Already being used worldwide, technologies from 10x Genomics have been featured by researchers in 296 neuroscience-specific publications.

[Scientifica](#) is delighted to be supporting and attending the 2021 ANA Meeting. We specialise in providing first-class equipment and support for electrophysiology, multiphoton imaging and optogenetics research. Take a look at our [Neurowire blog](#) and [Learning Zone](#) for useful guides to help you with your experiments. Our friendly team of experts are looking forward to learning more about your research and how we can support this.

ANA warmly welcomes its new partners and we would like to take the opportunity to thank our already existing partners for their valuable support! Please find more information at the end of our newsletter by clicking on the respective company sign.

### EBRAINS (Human Brain Project) at the ANA meeting 2021

EBRAINS is a **new digital research infrastructure**, created by the EU-funded Human Brain Project, to foster brain-related research and to help translate the latest scientific discoveries into innovation in medicine and industry, for the benefit of patients and society.

It draws on cutting-edge neuroscience and offers an extensive range of brain **data** sets, a multilevel brain **atlas**, **modelling and simulation** tools, easy access to **high-performance computing** resources and to **robotics** and **neuromorphic** platforms.

All academic researchers have **open access** to EBRAINS' state-of-the art services.

EBRAINS experts have been invited to this year's ANA Meeting to present EBRAINS services and collaboration opportunities for ANA Members participating.

## ANA Meeting 2021 & Travel Grants

Save the date for the upcoming **17th ANA Meeting** which takes place at **Unipark Nonntal, Salzburg** from **28th – 30th September 2021**. Registration is now open and the Program-at-a-glance can be found [here](#). **10 travel grants for the meeting (á Eur 250,-)** are available (**Deadline: August 15th 2021**). Please find more information regarding the grant application processes and additional information on our website.

## Job opportunities in research and beyond

**ANA** and **life-science Karriere Services** are glad to offer a **FREE three parted online career-event** to tell you about various jobs matching your training, give insight on what recruiters are looking for, and what does the daily work in companies look like.

Take part to the online kick-off panel discussion FOR FREE or join the event in person within the frame of the ANA meeting Salzburg (**28.09.2021; 10.00-11.15, UTC+01:00**). Registration is needed for a participation link.

FREE online career-event registration:
